DENTAL CHECKUPS

Prevention first, with a record you keep

Regular checkups find small problems while they are still small, simple and inexpensive to treat. At LUSSO every new patient starts with our 100 point Dental Wellness Assessment with Dr Kal, followed by routine examinations at intervals set around you.

A one hour, 100 point assessment of your face, jaw, gums and teeth.

Your findings are recorded in a digital dental passport that belongs to you and is updated at every visit.

PREVENTION IS A CYCLE, NOT A ONE OFF VISIT

FOR NEW PATIENTS

The Dental Wellness Assessment

A routine checkup usually takes ten to fifteen minutes and looks at teeth and gums. Our assessment takes around an hour and looks at the whole picture, starting with a conversation.

What we check

AREA	WHAT IS INCLUDED
Conversation	Your goals, worries, past experiences and medical history. Nervous patients set the pace.
Face and jaw	Facial symmetry and profile, jaw joints and the muscles that move them.
Head and neck	Salivary glands and lymph nodes.
Oral cancer screen	A careful check of the tongue, cheeks, lips, palate and floor of the mouth.
Gums	Bleeding and pocket measurements around every tooth.
Teeth	Decay, cracks, tooth wear, and every filling, crown and restoration.
Smile record	Shade, shape and position of each tooth, with photographs.
Imaging	X-rays needed on the day are included. An advanced 3D scan is available.

Your digital dental passport

Your findings, photographs and scans are kept in a digital dental passport. It shows how your mouth changes over time, so we can act early and you can see the difference prevention makes.

YOUR VISIT

How it works

01 **Listening**
We start with your history, concerns and what you would like from your smile.

02 **Outside the mouth**
Face, jaw joints, muscles, salivary glands and lymph nodes.

03 **Inside the mouth**
Oral cancer screen, gum measurements, tooth wear, restorations, photographs and shade record.

04 **Imaging**
Any X-rays you need, plus the 3D scan where included.

05 **Your plan**
Findings explained on screen, priorities agreed and a written plan with fees. Nothing is treated without your agreement.

AFTER YOUR FIRST VISIT

Routine checkups

Once you are a LUSSO patient, routine examinations keep everything on track. We check your teeth, gums and soft tissues, compare against your passport, and take X-rays only when they are needed.

How often should I come?

- Adults: usually every 6 to 12 months, set after your assessment.
- Children: usually every 6 months, from their first tooth.
- Hygiene visits: usually every 3 to 6 months. More often if you have gum disease, implants or smoke.

Children at LUSSO

We see children from their first tooth. Early visits are gentle and focus on prevention, with brushing and diet advice, fluoride varnish and fissure sealants where helpful.

SPREAD THE COST OF CARE

Membership

PLAN	MONTHLY	INCLUDES
Essential	£39	Two examinations, two hygiene visits, an annual 3D scan, priority booking and a 12 month Care Promise
Premium	£59	Two Guided Biofilm Therapy hygiene visits, a yearly Digital Smile Design refresh, an emergency visit, a two year Care Promise and children under 16 free
Signature	£109	Four Airflow hygiene visits, £250 treatment credit, a five year Care Promise on implant crowns, veneers and crowns, concierge booking

One £95 Dental Passport set-up fee on every plan, waived when you pay annually or join on the day of your assessment. Twelve month minimum term. Full plan terms are available at the clinic.

PREPARING FOR YOUR APPOINTMENT

Before your visit

- Bring a list of the medicines you take, including inhalers, supplements and blood thinners.
- If you have recent X-rays or records from another dentist, let us know so we can request them.
- Write down any questions, worries or changes you have noticed, such as bleeding gums or sensitivity.

- If you feel nervous, tell us when you book. Your first visit can simply be a conversation.
- Brush as normal before you come. There is no need to do anything special.

WHAT HAPPENS NEXT

After your visit

WHEN	WHAT TO EXPECT AND DO
Same day	Your findings, photographs and plan are added to your digital dental passport.
Within a week	You receive your written plan with fees. Take your time to read it and ask questions.
Next few months	Any priority treatment, then hygiene visits at the interval we agreed.
Your recall	We send a reminder when your next examination is due, usually every 6 to 12 months.

GUIDE FEES

What it costs

TREATMENT	GUIDE FEE
Dental Wellness Assessment, new patients	£150
Introductory price, first three months after opening	£30
Advanced digital 3D scan and imaging	£150
Routine examination, existing patients	£85
Hygiene appointment, 30 minutes	£85
Digital radiograph, single	£15
Panoramic radiograph (OPG)	£95

Guide prices. Your exact plan and fees are confirmed in writing at your consultation, and nothing starts until you have agreed to it.

FREQUENTLY ASKED QUESTIONS

Your questions answered

How is this different from a normal checkup?

A normal checkup looks at teeth and gums in ten to fifteen minutes. The Dental Wellness Assessment takes around an hour, includes the wider checks above, and gives you a written plan and a lifetime record.

Are X-rays included?

Yes. Standard X-rays needed on the day are included in every examination and consultation. Advanced imaging such as a CBCT scan is quoted separately if needed.

I have not been to a dentist for years. Is that a problem?

Not at all. Many of our patients have avoided the dentist for a long time. There is no judgement, your first visit can simply be a conversation, and sedation is available if you need treatment.

Will I be told I need lots of treatment?

You will be told honestly what we find and what matters most. Sometimes the right answer is less treatment, or none. You leave with a plan, not a bill.

Is the assessment included in the New Patient Offer?

Yes, for the first 150 patients who register before we open, subject to the offer terms.

Do I need X-rays every time?

No. We follow national guidance and only take X-rays when they are needed, based on your risk of decay and gum disease.

How long is a routine checkup?

A routine examination for existing patients usually takes 20 to 30 minutes.

Can my children come at the same time?

Yes. Family appointments can often be booked back to back.

TRUSTED SOURCES

Further information

If you would like to read more before your appointment, these independent sources are a good place to start.

NHS: Dental check ups	What happens at a check up and how often you may need one.
NICE: Intervals between dental checks	National guidance on setting your recall interval by risk.
Oral Health Foundation: Risk based check ups	Why your recall is personal to you, not a fixed six months.
LUSSO: Dental Wellness Assessment	Our 100 point assessment in detail.
